**c. Drawings**

Please replace the original FIGS. 1 and 4 with the enclosed replacement FIGS. 1 and 4.

Application No. 10/811,625

**d. Remarks**

Claims 1-20, as amended, are pending in the application. Claims 1 and 17, and corresponding Paragraph 0042 of the specification, have been amended as a matter of form.

In regard to the drawings, FIGS. 1 and 4 have been replaced by the same figures with an item number, 36, inserted that indicates the serrated teeth already shown in the figures and described in the specification. No new matter has been added to the drawings.

The specification has been amended to include the item number "36" in Paragraph [0029], and to move a comma in the next to last sentence of the paragraph as a matter of form. Item number 36 has also been added to the brief list of reference numbers. Paragraphs 0042 and 0043 have been amended to include reference numbers that had already been assigned in the rest of the specification. The Abstract has been amended to reduce the number of words to approximately 150. No new matter has been added to the application. Applicant requests that this amendment be made of record in the case and considered by the United States Patent and Trademark Office Examiner, and that the claims be allowed.

Respectfully submitted,
